INTRODUCTION

This is a brief guide to selected information pertaining to the Mennonites. It is particularly designed to aid students in high schools and colleges who are interested in the study of some phase of the Mennonites. Two of the most basic sources in any research pertaining to the Mennonites are the following: C. Henry Smith, *The Story of the Mennonites,* fourth edition (Mennonite Publication Office, Newton, Kansas, 1957), $4.50, and *The Mennonite Encyclopedia,* edited by Harold S. Bender, Cornelius Krahn, and Melvin Gingerich, four volumes (Mennonite Brethren Publishing House, Hillsboro, Kansas; Mennonite Publication Office, Newton, Kansas; and Mennonite Publishing House, Scottdale, Pennsylvania, 1955-1959), $42.50.

These two works cover the total range of Anabaptist and Mennonite history, doctrine, and life. *The Story of the Mennonites* has an index and a guide to books helpful in research, while the *Mennonite Encyclopedia* in four volumes treats in alphabetical order every significant leader and event of the Anabaptist-Mennonite history throughout the four centuries of its existence, covering all historical, theological, and cultural phases including all countries and areas in which the Mennonites have settled. Additional selected books and/or tracts will be listed under the respective headings of this pamphlet. Only writings in the English language are listed. (Additional copies of this list are available through the libraries and bookstores listed on the last page.)

I. SWISS ANABAPTISTS AND MENNONITES

A. *The Anabaptists.* The first Mennonites were known under the name *Anabaptists,* since they rebaptized believers who had been baptized as infants. The Anabaptists originated in Zurich, Switzerland, in 1525 when they broke away from Ulrich Zwingli in order to establish a biblical church. Among the early leaders were Conrad Grebel, Felix Manz, Georg Blaurock, and Michael Sattler.

B. *Spread.* Because of severe persecution, the Anabaptists originating in the city of Zurich spread into other places where they established small fellowships and congregations. Centers of Anabaptists arose in South Germany and Austria. Among the leaders were Hans Denck, Balthasar Hubmaier, and Pilgram Marbeck. Jacob Hutter became the leader of the group which practiced the community of goods and became known as Hutterites. Jakob Ammann was the founder of the Amish (See The Swiss Mennonites and Amish, page—).

II. EARLY DUTCH MENNONITES

A. *The Dutch Anabaptists* had their beginning in Emden, Friesland, where Melchior Hoffman, who had joined the Anabaptists in Strassburg, baptized adults upon confession of faith in 1530.

B. *Spread.* Starting in Emden, East Friesland, the movement spread into the neighboring provinces of Groningen and Friesland (where Menno Simons was converted in 1536) and the other Dutch and Belgian provinces. In northern Germany the provinces of Schleswig-Holstein, Westphalia, and the Rhineland had Mennonite congregations. Already in Menno Simons' lifetime some Mennonites settled along the Vistula River in Danzig and in West Prussia. From here they later moved into Poland and Russia.

C. *Other leaders* among the Dutch Mennonites were Dirk and Obbe Philips, Leenaert Bouwens, and Hans de Ries. Most outstanding was Menno Simons (1496-1561), after whom the Mennonites are named.

III. BASIC BELIEFS

A. *The Concept of the Church.* One of the characteristics and emphases of the early Anabaptists was their view of the church. In this respect they differed radically from the Roman Catholic Church and also from the Protestant churches. The Anabaptists baptized and accepted into church membership only believing adults. All other churches practiced infant baptism.

B. *Discipleship.* The early Anabaptists emphasized the significance of the Christian's attempt to follow Christ in his daily life and to bring forth fruits of faith. The congregation was to be a disci-

plined body of Christ. Those whose life and faith did not conform to this commitment were asked to withdraw from the congregation.

C. *Separation of Church and State.* The Anabaptist view of the church challenged the practice of close cooperation of church and state prevalent in that day. For the Anabaptists, the church operated on an entirely different level than the state.

D. *Similarities.* The Anabaptists agreed with other denominations in most of the basic doctrines of the church such as their belief in God, in Christ, the new birth, the second coming of Christ. Differences were due primarily to a re-emphasis of certain beliefs and a determination to make them meaningful and applicable in daily life.

IV. EUROPEAN MENNONITES TODAY

A. *Switzerland and France.* There are only 2,000 Mennonites in Switzerland today, the country where Anabaptism originated. Many have migrated to France, South Germany, and particularly to the United States. (See Section VII for comparative figures.)

B. *Germany.* The Mennonites of South Germany are primarily of Swiss background and North Germany of Dutch background. Since the removal of the Prussian Mennonites to western Germany, they are even more scattered than they were before. Most of the Mennonites in Northwest Germany live in cities and industrial areas (Hamburg, Emden, Gronau, Crefeld). In South Germany some are farmers. They are located in the Palatinate, Baden, Württemberg, and Bavaria.

C. *The Netherlands.* Mennonites in the Netherlands adjusted themselves to the culture of their country more readily than others. Much has been written about them and their history, particularly in the Dutch language. They were pioneers in the realm of agriculture, literature, art, theology, philosophy, and social and relief work.

D. *Russia.* Mennonites from Danzig and West Prussia migrated to Russia starting in 1789. They

established two major settlements in the Ukraine and numerous daughter colonies spreading into Siberia. Three major migrations from Russia to America took place (1874-1882, 1922-1930, 1943-1952).

V. MENNONITES IN NORTH AND SOUTH AMERICA

A. *First Settlement.* Germantown, Pennsylvania, was the first Mennonite settlement, established in 1683 by Mennonite Quakers from Crefeld, Germany. It is still in existence.

B. *The Swiss Mennonites and Amish.* Starting in 1711 Germantown served as a gateway for persecuted Swiss Mennonites who came to Pennsylvania via the Netherlands, seeking freedom. From southeastern Pennsylvania they spread into the Shenandoah Valley, Ontario, and western Pennsylvania.

C. *Later Migrations.* During the 19th century, the Mennonites spread into the states of Ohio, Indiana, Illinois, Iowa, Kansas, Missouri, and Nebraska and were joined by newcomers including some from South Germany.

D. *The Coming of the Mennonites from Prussia, Russia, and Poland.* Three major migrations of Mennonites from Russia to North and South America occurred (1874-1882, 1922-1930, 1943-1952). The Mennonites of Prussia and Poland joined during the first and last migrations. The first migration was restricted to the United States and Canada, and the second and third were directed primarily to Canada and South America.

VI. Occupations, Culture, Service, and Outreach

A. *Education.* Mennonite higher education had its beginning some 100 years ago, but was really generally accepted only at the turn of the century. The oldest Mennonite college is Bethel College, established in 1887, in North Newton, Kansas. In that area two additional colleges were established—Tabor College at Hillsboro, Kansas, and Hesston College at Hesston, Kansas. The largest Mennonite college is Goshen College, Goshen, Indiana. Bluffton College is located at Bluffton, Ohio, and Eastern Mennonite College at Harrisonburg, Virginia. Winnipeg, Manitoba, is the location of the Canadian Mennonite Bible College and Canadian Mennonite Brethren College. Smaller schools are found in various states and provinces.

B. *Institutions.* Numerous institutions, such as general and mental hospitals, have been established in various Mennonite communities. The same can be said about mutual aid organizations and homes for the aged.

C. *Christian Service and Peace Witness.* Since the Mennonites are traditionally nonresistant and have migrated from country to country for this reason, they have had programs of alternative service during both war and peacetime. Among them are, at present, the 1-W program, Pax service, voluntary service, and disaster service. The central agency through which all Mennonite conferences and groups do their work along these lines is the Mennonite Central Committee, Akron, Pennsylvania.

D. *Missions.* Mission work originated among the Mennonites of Europe more than a hundred years ago

and in America at the turn of the century. This is one of the projects most generously supported by all conferences and groups regardless of how conservative they are.

E. *Publishing.* All major Mennonite conferences maintain publishing houses and bookstores:

The General Conference Mennonite Church (Faith and Life Press, 720 Main Street, Newton, Kansas)

The Mennonite Church (Herald Press, Scottdale, Pennsylvania)

The Mennonite Brethren Church (Mennonite Brethren Publishing House, Hillsboro, Kansas)

VIII. LIBRARIES, BOOKSTORES, AND PERIODICALS

A. *Many public, college, and university libraries* have some basic books on the Mennonites such as *The Story of the Mennonites* by C. Henry Smith, *The Mennonite Encyclopedia,* and some Mennonite periodicals. As a rule, however, there is a scarcity of source material for research purposes.

B. *Mennonite Libraries and Archives.* The following are the Mennonite libraries specializing in collecting books, periodicals, and other materials pertaining to the Mennonites. These libraries are open daily. They are also willing to send books to those who need them for research purposes. It is advisable that books be requested through the inter-library loan services where possible. Some of these libraries have also large collections of archival materials.

Bethel College Historical Library, North Newton, Kansas

Mennonite Historical Library, Bluffton College, Bluffton, Ohio

Mennonite Biblical Seminary Library, Elkhart, Indiana

Canadian Mennonite Bible College Library, Winnipeg, Manitoba

Eastern Mennonite College Library, Harrisonburg, Virginia

Goshen College Mennonite Library, Goshen, Indiana

C. *Periodicals.* Among the periodicals which contain the largest volume of historical information dealing with the Anabaptists and Mennonites are *Mennonite Life,* an illustrated quarterly published since 1946 by Bethel College, North Newton, Kansas, and the *Mennonite Quarterly Review* published since 1927 by Goshen College, Goshen, Indiana.

For statistics see also: *Handbook of Information.*

General Conference Mennonite Church, Faith and Life Press, 720 Main Street, Newton, Kansas, and *Mennonite Yearbook,* Mennonite Publishing House, Scottdale Pennsylvania.
